ABOUT TUTORS INTERNATIONAL

TUTORS INTERNATIONAL
OFFERS A UNIQUE SERVICE,
PROVIDING LIVE-IN TUTORS
FOR FAMILIES ANYWHERE
IN THE WORLD.

Tutors International offers a unique service, providing live-in tutors for families all over the world. We work with a wide range of children, those who require extra support and those who will benefit from being extended academically. We also help where a family's lifestyle makes for a difficult 'fit' with standard schooling.

Our carefully screened tutors become an integral member of your household, in the same way as a butler or PA. Naturally, we ensure that our tutors have the highest academic and educational qualifications. We also look for tutors who relate well to young people and behave with sensitivity and discretion.

Tutors International is a private company based in Oxford, a city renowned for academic excellence. Our select clientele receive a personal service, with discretion and confidentiality guaranteed. Our tailored approach is completely different from others. As far as we know, there is no other agency offering this kind of bespoke service.

SUCCESS STORIES

"We are *thrilled* with J and R [the tutors]. They arrived at the boat fully packed and prepped, with three different year levels organized. Amazing the diversity of stuff they brought - ready to cover all bases. They are very bright and great with the girls... and good company for us."

LEARNING IS NOT COMPULSORY
BUT NEITHER IS SURVIVAL

SUCCESS STORIES

"A [the tutor] is absolutely fabulous and we are delighted to have found such a patient and caring guy for our boys to have as a tutor. He has fitted straight into the family and the boys are settling into their work. He is making it fun for them too. Thank you for organising him for us."

ENTIRE EDUCATIONAL PATHWAY

TUTORS INTERNATIONAL
CAN PROVIDE SUPPORT FOR
ANY STUDENT, FROM THE
VERY YOUNG ALL THE WAY
UP TO UNIVERSITY LEVEL.

As children grow, parents find themselves grappling with each new educational stage, and with new and different sources of advice and support.

Tutors International can oversee the whole journey: from pre-school to college. We offer support for all the key exams: 11+, Common Entrance, ISEE, GCSEs, A levels, IB, and SATs

Perhaps you want to relocate, go on a long vacation, or change your lifestyle. You may be concerned about taking your children away from their current school, or about changing to a new school in a different country. Tutors International can source tutors to bridge the gap, or to provide a long-term homeschooling alternative.

We can guarantee top-quality education wherever you go, and ensure that it's done in conjunction with a fully accredited distance-learning program. Your lifestyle decisions need not result in your children losing any of their educational standing; indeed, tutoring is more likely to improve their academic attainment.

TO REPEAT WHAT OTHERS HAVE SAID REQUIRES EDUCATION,

WELL CONNECTED

TUTORS INTERNATIONAL
HAS ASSOCIATIONS WITH
MANY EDUCATIONAL
PROFESSIONALS AND
INSTITUTIONS.

Tutors International has access to people who know about admissions to the best schools, and to specialists in college preparation. Working with such people, our tutors will thoroughly prepare a student in all respects – not only academic. This results in a more rounded candidate, with the kind of competitive application that top-tier colleges and universities are looking for.

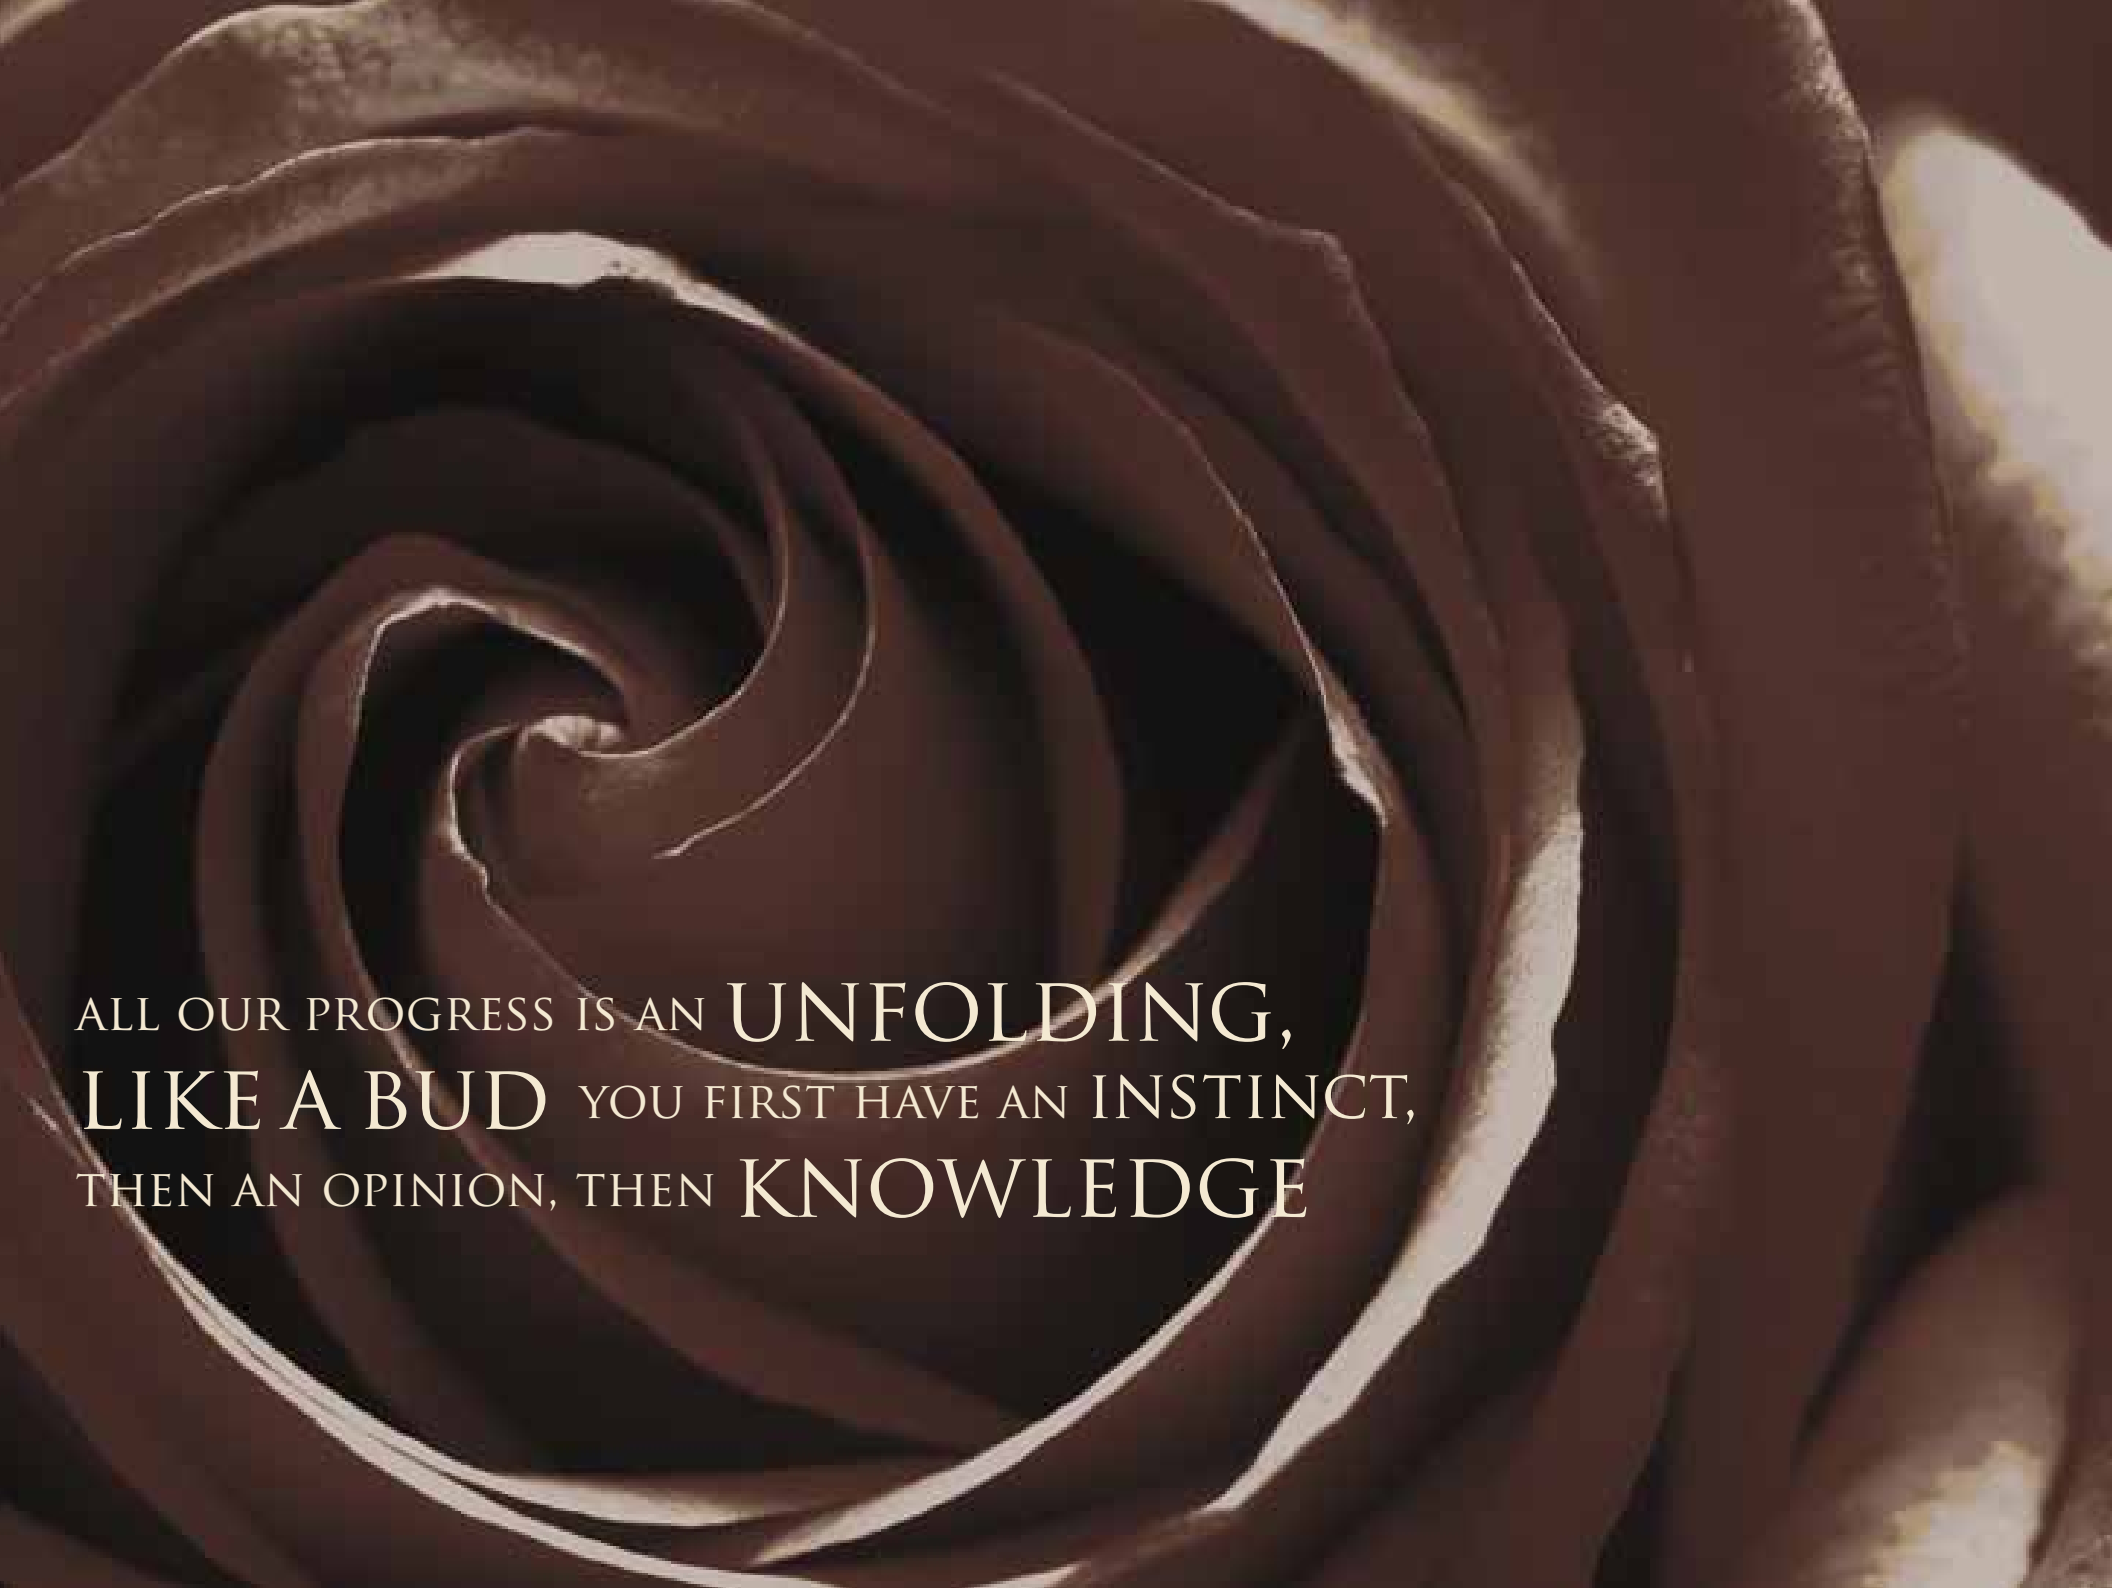

Many clients ask us to arrange activities that go beyond ordinary schooling and we pride ourselves on being able to meet these requests. Voice coaching, diving instruction, private tutelage with a professor at Cambridge – Tutors International knows where to find the right people. We can also arrange challenging educational adventures for the summer vacations and gap years.

We have excellent relationships with respected Educational Psychologists – if you are worried about anything, we can arrange for an assessment. We can call on the best in the field to evaluate the problem, whatever it is. And with a professional assessment in place, our tutor will be able to address your child's needs fully and effectively.

SUCCESS STORIES

"It's hard to imagine that W [the student] could have had a finer education last year. He learned so much, to write incisively and to think critically and creatively. He went way beyond completing his required senior courses (for example, reading sixteen books, which were not on the syllabus). Most important the experience with Tutors International turned him into a real student."

SELECT PARTNERS

A CAREFUL AND
PAINSTAKING
RECRUITMENT PROCESS
RESULTS IN THE BEST
POSSIBLE MATCH OF
TUTOR AND FAMILY.

Each family and every student is unique, so your tutor is hand-picked to meet your specific requirements. This is the key to our success - a careful and painstaking recruitment process that results in the best possible match of tutor and family. The first step is to meet with you and your family to discuss what you have in mind.

Based on these discussions, we then draw up a detailed job specification. This comprehensively describes the position - educational requirements, the role of the tutor, and the circumstances of the tutoring. When these details have been agreed, we advertise in the specialist educational press to attract the right kind of applicants.

We go through all applications carefully, and select only suitably qualified teachers. Each applicant must supply a minimum of three written references - these are double-checked over the phone by a selection specialist. We then arrange to meet the shortlisted candidates in person, so we can identify the best.

SUCCESS STORIES

"Despite my initial skepticism about recruiting a full-time tutor, the benefits of working with A [the tutor] for the last four years have been tremendous. Apart from his outstanding academic support, which has improved my performance at school, he has also has become my mentor, someone I trust and seek advice from, and my friend."

THOUGHT IS THE WIND,
KNOWLEDGE THE SAIL,
AND WE ARE THE SHIP

SUCCESS STORIES

“Needless to say, we could not be more pleased. E [the tutor] is incredibly talented and delightful to be around, we are enjoying her tremendously. This is what we had hoped their experience would be with a tutor.”

Mrs E, Atlanta

COMPLETE ASSURANCE

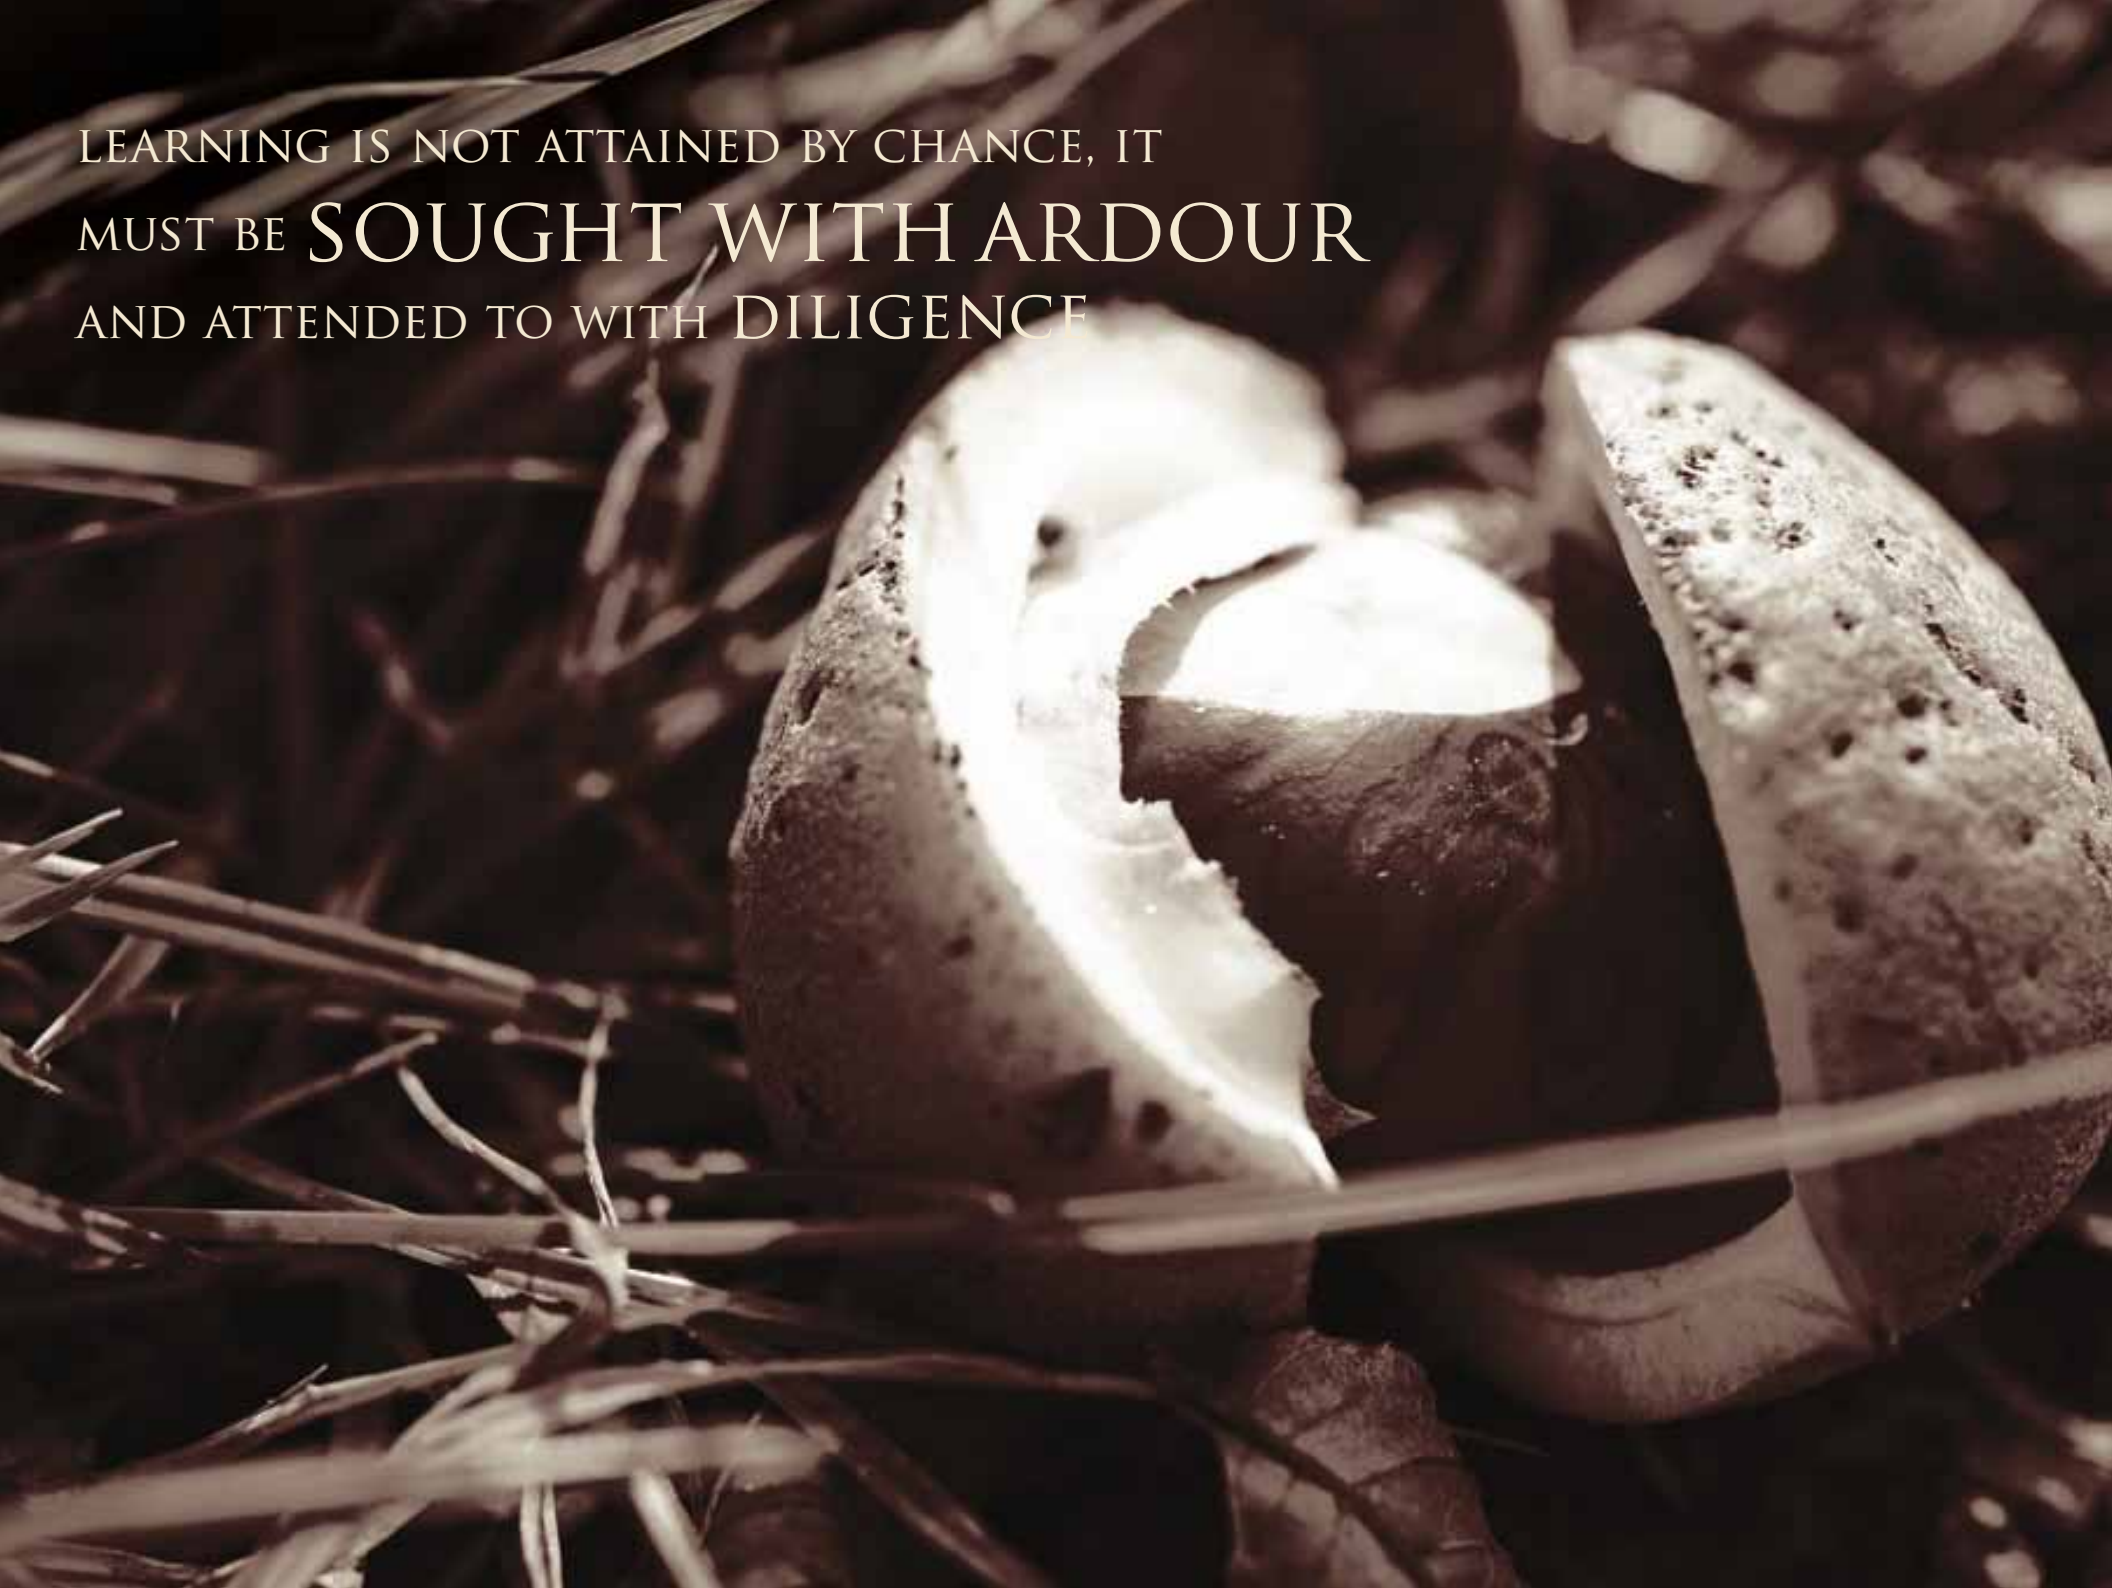

WE ONLY INTRODUCE
TUTORS TO YOUR FAMILY
WHEN WE HAVE COMPLETE
CONFIDENCE IN THEIR
INTEGRITY.

All potential tutors sign confidentiality and non-disclosure agreements. For additional security we arrange professional background screening by Kroll FPR. Tutors are also subject to Enhanced Disclosure from the Criminal Records Bureau. We only introduce tutors to your family when we have complete confidence in their integrity.

We usually advise clients to interview the top two candidates at the family home. These face-to-face meetings give you the final say in the actual selection of the tutor. We then finalise the paperwork - both client and tutor have proper legal contracts adjusted to suit the specific job. Finally, we coordinate and advise on all travel arrangements and plans.

Once the tutor is in post, we maintain regular contact to ensure things are running smoothly. Many aspects of the job can be supported remotely - teaching resources, exams, etc. We remain available at all times, to both you and the tutor, offering any required support. And, if needed, we are happy to arrange a visit at any time.

LEARNING IS NOT ATTAINED BY CHANCE, IT
MUST BE SOUGHT WITH ARDOUR
AND ATTENDED TO WITH DILIGENCE

SUCCESS STORIES

“Having a tutor was completely new to us and it has been a fantastic experience. The girls have just grown in their confidence and their abilities. They have experienced so much in this time that I wonder if school may be a bit boring for them.”

ESTABLISHED TRUST

AFTER MORE THAN TWO
DECADES IN BUSINESS,
TUTORS INTERNATIONAL
IS WELL ESTABLISHED.

Tutors International is not a group of newcomers or amateurs, but a professional business with an unparalleled record of success in our field. Our name is widely recognised and highly respected among peers and competitors alike.

Over the years we have tutored hundreds of students, of all ages, at all levels, in many different kinds of educational system.

Tutors International can be relied on, no matter what the requirement. We have a track record of achievement for our clients, successfully placing students in the school of their choice and in top-flight universities. We have also been involved in a number of turnarounds, where children were failing badly at school, and whose education needed to be ‘rescued’.

As part of our commitment to high standards, we have joined a number of professional associations. This is another guarantee of good standing, since only capable and qualified members are accredited to such organisations. In the case of the Independent Educational Consultants Association, our Senior Partner, Adam Caller, is one of only two consultants accepted for UK registration.
